

The FEC Form 3 April 15 Quarterly Report for the period of February 14, 2008 to March 31, 2008 is being amended in order to include a loan from the candidate dated February 25, 2008 in the amount of \$200,000. This loan was originally reported to the FEC on a 24-Hour Notice of Expenditure of Personal Funds FEC Form 10 on February 25, 2008. It was my misunderstanding that by inputing this loan information on a Form 10, the loan information was not stored in the campaigns data base and therefore included in the Form 3 which immediately followed. I did not re-enter the loan information while filing the original Form 3 for the quarter ended March 31, 2008 for fear that it would be doubled up in the reporting.

It has always been my and the campaign's policy and intension to file complete, correct, and timely reports.

Thank you for your attention to this matter.
